

1. TeleSCoPE project at The International eHealth, Telemedicine and Health ICT Forum for Education, Networking and Business (Med-e-Tel), April 19, 2012, (www.medetel.eu) at Luxembourg, G. D. of Luxembourg

A consultation meeting of the TeleSCoPE project was organized on April 19, 2012 as part of Med-e-Tel Program. The meeting was focus on the development of Service Standards and Guidelines for Telehealth. By setting service standards, TeleSCoPE will help establish relationships of trust between users, patients and providers and contribute to overall health and well-being. The standards also aim to provide a quality benchmark for service regulation.

The presentations were:

[History and Current Developments of the Telecare Code of Practice in the UK](#)

Trevor Single

Telecare Services Association, UK

[Multi-Party European Standards and Guidelines for Telehealth Services](#)
Michaela Egan, European Commission Institute for Health and Consumer Policy, University of

[Medotel Society - Online medical code of practice and guidelines for Teleconsultation](#)

[Telemedicine and eHealth in the European Union: Professionals' Perspective on the eMacca Group in the European Union, Belgium](#)
