

Coventry University Enterprises Ltd (CUE Ltd), United Kingdom – International Project Manager

Coventry University Enterprises Ltd (CUE Ltd) was established in 1989 as Coventry University's (CU) trading arm. CUE Ltd is now the conduit for much of the University's third leg activity. Since 1989 CUE Ltd has generated a significant portfolio of business support / outreach activity at national, regional and sub-regional level and across national borders. The CUE staff are focused on strengthening industrial academic relations and business development activities: These activities support CU's eight multidisciplinary Applied Research Centres and 5 sector focused Applied Research Institutes. The Applied Research activities of the University provide academic underpinning to CUE's outreach support.

CUE Ltd has delivered programmes aimed directly at SMEs at regional and sub-regional level in the East Midlands, West Midlands, South East and South West of England under contract to Regional Development Agencies, Local Authorities, National Government Departments / Ministries and the European Commission.
